Investors Community Bank moves its Green Bay banking center to new location

(Manitowoc, WI, July 31, 2017) Investors Community Bank announced that its Green Bay banking center has moved to a new location at 960 Hansen Road in Ashwaubenon.

The building project included a major interior renovation of the existing 6,285-square-foot building and features a welcoming design that is aligned with the brand look of other ICB facilities. It also has expanded office space, conference rooms and the addition of a drive-through for added customer convenience. Philippi Quality Construction of Manitowoc served as general contractor for the project.

"Our new West side location, coupled with the addition of a drive through, provides a more convenient and easy-to-access banking center," stated Brad Witbro, AVP – Banking Services Manager, Green Bay. "Current and prospective retail deposit customers will especially appreciate the easy accessibility of our new site."

Investors serves the financial needs of businesses throughout Northeast and Central Wisconsin and farmers throughout Wisconsin. Additionally, they offer competitive consumer deposit products in the communities they serve. Investors entered the Green Bay market in 2016 when the bank's holding company, County Bancorp, Inc. (NASDAQ: ICBK), completed a merger with Fox River Valley Bancorp, Inc., the holding company for The Business Bank. The merger also allowed Investors to expand its presence into the Fox Valley market.

The bank was founded in Manitowoc in 1997 and is celebrating two decades of providing financial solutions in 2017. As one of the most successful bank startups in Wisconsin, they have over \$1.2 billion in assets and full service offices in Appleton, Green Bay, Manitowoc and Stevens Point, as well as Loan Production Offices in Eau Claire, Sheboygan, Darlington and Fond du Lac.
